Concession - email list of names for teams to Cindy and Tara. Miriam asked if teams could assign parents to concession. It was agreed Yes. If that parent can not do their assigned date it's their responsibility to find coverage.

Mulch- No report.

Golf- Community supportive with close to 7k raised however only 40 golfers registered and would loose money at this point. Suggestion to lower fee to faculty/alumni. Currently 4some/\$680. No corporate sponsors at this time. It was asked to send out another email.

Booster Bash: Jill reported \$500 sponsored for brochures. Things moving along. Team Baskets were discussed. Fall Team Reps were asked to have each JV and Varsity have basket. Winter/Spring sports have difficult time since many Varsity are seniors and don't get participation. It was agreed even if little participation it is nice to have lower/higher priced baskets. 501c3 donation template letter is needed. Baskets DUE BY: September 5,2013!!

VII. Athletic Director Report: Mr. Mook reported on school construction. Fall 2013 sports will not be impacted. Once Fall is complete the fall Bermuda field will be shut down. Turf and Tennis Court will not be impacted for Spring 2014. Baseball won't be impacted, however may lose bullpen. Practice fields for spring 2014 will use kinder park (varsity to kinder and jv on turf- due to many driving varsity players driving). The bleachers will be taken out and moved to old mill. Tennis will use sawmill and track may have to cut in order to accommodate travel/bus. If this issue comes up and is a bussing issue- it was asked if Boosters could assist with payment to avoid reducing program etc.

Projected 42 mnths for Turf and 4 prac fields (1 Bermuda with irrigation)
